PROFESSIONAL SUMMARY

Dedicated BCA student with hands-on experience in Python full-stack development. During my internship at Inmakes infotech pvt, I strengthened my skills in Python, Django, React, CSS, and HTML. I am passionate about building scalable applications and exploring emerging technologies such as Artificial Intelligence. This experience has prepared me to develop robust web solutions. My proficiency in Python and its frameworks positions me as a str ong candidate.

EDUCATION

Bachelor of Computer Applications (BCA)

Jamia Hamdard University

📅 08/2022 - 05/2025 📍 New Delhi, India

Python Fullstack

Inmakes learning hub

📅 2025 - 08/2025 📍 Kochi, India

EXPERIENCE

Intern

Inmakes Infotech Pvt

- Gained hands-on experience in Python development using Django and React.
- Developed and deployed web applications integrating front-end and back-end technologies.
- Strengthened skills in programming concepts, database management, and problem-solving.
- Worked on real-world projects, enhancing teamwork and practical software development experience.

PROJECTS

E-Hospital

Developed a web-based hospital management system using Python, Django, and MySQL. Implemented three modules (Patients, Doctors, and Admin) for efficient hospital data management. Designed the user interface with HTML, CSS, and Bootstrap. Demonstrated expertise in building robust, multi-user web applications.

Face Recognition-Based Access Security System

Built a student attendance system using Python and Django with face recognition technology. Implemented modules for Parents, Students, Staff, and Admin to support role-based access. Managed the MySQL database and developed the user interface using HTML and CSS, demonstrating full-stack development skills across multiple user roles.

Blog and Image Sharing Platform

Developed a full-stack web application using Python and Django, enabling users to create accounts, publish blog posts, and upload images. Managed the MySQL database and designed a responsive interface with HTML, CSS, and Bootstrap. Demonstrated expertise in building social features and handling user-generated content in a full-stack environment.

SKILLS

Programming languages

PYTHON   **JAVA**   **C**   **C++**   **C#**   **SQL**

Web development

HTML   **CSS**   **JAVASCRIPT**   **BOOTSTRAP**   **REACT**   **DJANGO**

Database

MYSQL   **POSTGRESQL**

Tools & platforms

PYCHARM   **VS CODE**   **GIT**   **GITHUB**
